# ATLA

AVATAR THE LAST AIRBENDER

- really got my heart is ATLA.
- I love the storyline and the bending of elements
- the animation style

# W.I.T.C.H.

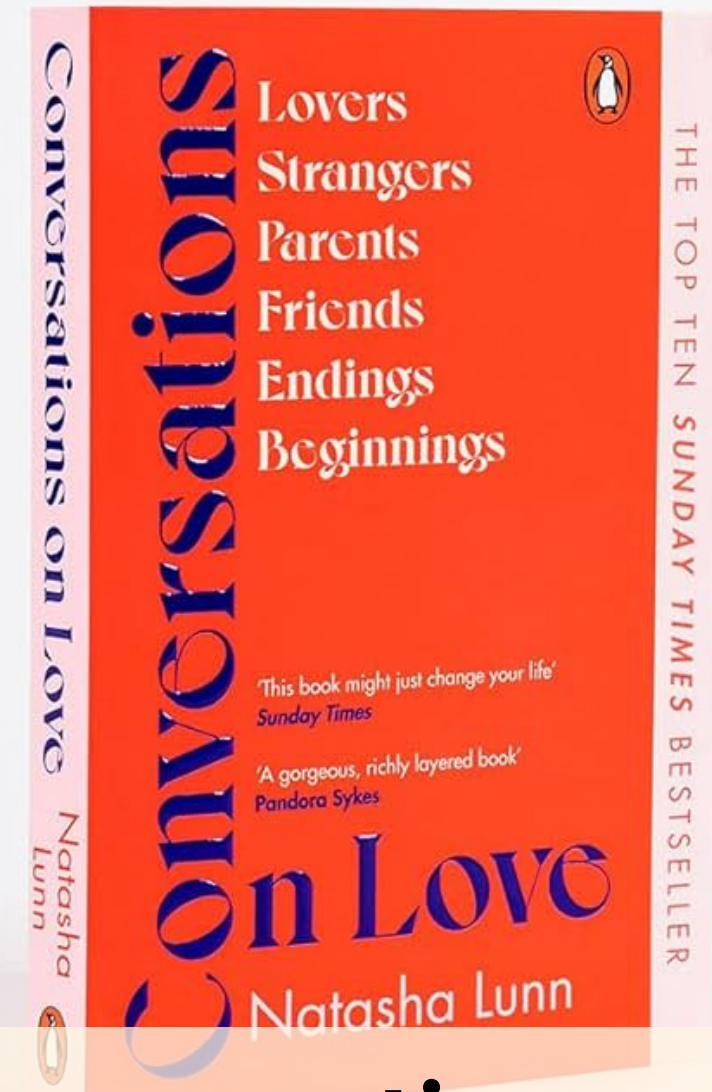

This fascination with elements comes from early age, when I loved the series called W.I.T.C.H., which is about five girls where each one wield a single element (water, fire, earth, wind). This show was really ahead of its time, since they showed all the races and also sexualities. It saddens me to this day, that the show didnt get additional series, eventho the comic did.

- will : power over electricity
- irma : power over water
- taranee: power over fire
- cornelia: power over earth
- haylin: power over air
